Sosodni Riottto
Shows country begins They

The point is that there are stupid people in every country you can certainly find them if you try hard enough (i.e. this video). Half of Americans (who voted) didn't support Bush and those who did were often supporting party lines (i.e. anti-abortion...vote Republican). I'll forgive some of your comments because you're so darn old but saying that the people where you live are stupid (you do live there) is not a great idea.

BANDELE: Since when did I promise that?!If you want my address Jeffy Weffy, you're gonna have to get some smarts into your head and work it out for yourself.Unfortunately finding yours was all too easy, because like most twats, you're short on brains and big on ego! the rest was childspaly.Now either go to bed, or top yourself off in the Bathroom - either way lets give the human gene pool a better chance in 2008 by taking you out of the equasion.

LELA: '38yr old fat virgin loser.....shiiiiiiit man, I'd fucking hate to be you'

BANDELE: By the way ASSHOLE, I've NEVER been to Bermuda or anywhere in Canada in my life you fucking GULLIBLE fool! If I told you my website was MySpace would you start calling me Tom??? COCKSUCKER!

REEM: Nice try jeffy....Did you enjoy the parcel?

KONSTA: What a cock-spit sending innocent people shit in the mail..I hope that guy finds you, but you being the tyoical english coward (sorry for being redundant) I'm sure you took unabomber precautions when shipping! FAG!

HARUN: I'll take that as a 'Yes' then :o)

BANDELE: As soon as the Doc gives your mother the "all clear" on the clap some bearded piglamist gave her for a pack of smokes, I intend to!

AMANA: wow 'Yo mamma' jibes eh?I'm seriously impressed by the rapier-like wit you possess Jeffy.Every one of those 38yrs of yours weren't wasted at all were they!

KARLIS: Did they lock up the McCunts yet for selling their daughters ass to the highest Euro-Pedo bidder so they could keep living high on the "hog" in Eurabia??? FAG! hahahahaha BOO-YAH!

AMARI: See Jeffy, this is how I know you're nothing but a pathetic, fat, no-life liar! No person who claims to be a perent would EVER talk in such a digusting way about such a traumatic situation, unless they were severely sick in the head.Y'know what Jeffy, you've lost your amusment value to me now - you genuinely are one sad, tragic, fucker!Do yourself a favour, go to the bathroom and end it all now - dont worry, you wont be missed.

ABUBAKAR: KILL YOURSELF JeffGlapski

HARUN: Hey Penis I hope the dearest members of your families Christmas stocking are overflowing with stomach, colon, pancreatic, breast and lung cancer! You fucking coward...just like the British troops

surrendering Basra running away with their tails between their vaginas!

REEM: Lmao! Seriously Jeffy - you need to get laid! quick

HARUN: Sounds to me like you should be serving in the sand yourself, why you not there TWATSKI? too chicken or just to fat? BORING CUNT

HARUN: How many French "men" does it take to defend Paris??? No one knows, it's NEVER been attempted! You coward french cunt, America saved you pussies time and time again! SISSIES!

KARLIS: I'm from Poland and I know teh answers for all the questions this guy asked Americans. I think the problem in US is thaht you don't know anything about the rest of the world while for example in Poland in schools on geography lessons we are learning about the entire world.

REEM: right. you guys keep talkin crap. go right ahead. at least we have the freedom to be "stupid". HAahaha.

MAYRA: Keep PISSING and MOANING about America at your gay Euro-pub getting drunk every night, watching faggot soccer, while your dirty fucking muslims are home plotting against you, fucking like rabbits, spitting out terror babies while your beer addled sperm can't reproduce shit! ahahahaha HAIL EURABIA! CUNTS!

MAYRA: How's your imaginary 'one year old son' Jeffy? Oh, and give me regards to Norbert Adolf Glapski too

ABUBAKAR: wow man, some one cannot be that stoooo-pee-dd

KARLIS: Who cares what you CUNTS "see in Americans" the fact that you spend your ENTIRE lives LOOKING and FOLLOWING us to "SEE" says alot about you JEALOUS, PREOCCUPIED, CUNTS! You have AMERICA ENVY you cunt asshole! FUCK YOUR MOTHER FOR CHRISTMAS!

AMANA: What's the definition of irony, Jeffy Weffy?? Is it some fat 38 yr old loser who bangs on about how great America is....and yet he dont even live there!?'Bermuda and Canada' isn't it Jeffy!? you seriously have a thing for ex British colonies don't you? I think we understand where all this animosity is coming from now - it's OK to want to be a part of the UK Jeffy, thousands of Immigrant scum like you and your family try it every year.

ABUBAKAR: haha the part about the map!!! SO stupid... its Australia... But they have no clue

NAMIK: wow, they are stupid! XD

REEM: Ha! This was hilarious. This pretty much sums up what the rest of the world sees in Americans. You guys want to start bombing people? Start with bombing half your fucking stupid population (starting with Britney Spears et al)!

BANDELE: Oh MY GOD!!!! YOU ARE VERY VERY VERY VERY STUPID!!! WHERE ARE YOU LIVING, IN CAVES? I THOUGHT THAT AMERICANS ARE SMART PEOPLE... BIG MISTAKE!!!

NAMIK: How do we know that these interviewed aren't biased (maybe the British journalist interviewed more people than shown, and only chose to air the stupidest/funniest answers?)

HARUN: Click on my username NatLamp to watch: PREGNANT JAMIE LYNN SPEARS: A Spears Family Christmas Britney Spears, her mother Lynn Spears, and her 16 year old sister Jamie Lynn Spears wish everyone a Happy Holidays in their family Video Christmas Card! Jamie Lynn reveals her little Christmas Miracle.

KONSTA: 1. a lot of the lower class americans are ignorant to what goes on in the world, disregard them. aka all the people in this video.2. your fucked up english accent probably threw them all off, you're in america, you're accent should fuck off.

AMARI: i feel so smart i knew alot of answers 2 those questions

Scene 2

KARLIS: If it's not the education system, it's just pure idiocy. I was actually ashamed after watching this, and I KNEW most of the questions. But I'm sure that anyone could go to a random place and get stupid answers from stupid people. The world is filled with ignorant people; the United States isn't the only one suffering.

MAYRA: hahaha

MAYRA: i have a friend from infancy who got the American citizenship and became, by all means, an American. Or according to them, a stupid?

BANDELE: The world's largest Automobile Company GM The world's largest Software Co. Microsoft The world's largest searchengine Google The world's largest Oil company Exxon The world's largest Airospace Co Boeing The world's largest retailer Walmart The world's largest Computer maker HP The world's largest IT Company IBM The world's largest Bank Citibank The world's largest SportCo NIKE The world's largest Electric co GE All of them AMERICAN Company...ne ne ne

KANI: As an American this is offensive. Yes these particular people are ridiculously stupid but you can find that everywhere. Its easy to string a bunch of clips of stupid people together and call it America. I, myself only missed a single question and could point out all of the countries in the geography portion of the video. I hope no one will be as stupid as the people in this video and truly believe this is accurate representation.

BANDELE: While this video is both entertaining and painful to watch, it is foolish to believe that the people here represent Americans at large. I will be the first to admit that ignorance and apathy toward world affairs is not uncommon in America, but the people who post comments insulting us "yanks" fail to recognize that examples of extreme stupidity can be found in countries other than the one that is made fun of most often.

AMANA: amen to that, dude.

REEM: they must have picked the dumbest looking people they saw because honestly who doesnt know where australia is... comon

MAYRA: soo stupid XDDDDDDfidel castro a singer?tony blair an actor???are they insane or what :Sten eiffel towers?:|they probably were the worses students on their classesyou retarded!

ABUBAKAR: they should have asked students from schoolers. I'm in the 8th grade n i know most of these questions!!! notice that most of the people anwsering the questions r adults.

ABUBAKAR: PLEASE DON'T READ THIS.You will get kissed on the nearest Friday by the love of your life.Tomorrow will be the best day of your life.However,if you don't post this comment to at least 3 videos,you will die within 2 days.Copy and paste this to be saved

REEM: im a US citizen, and i have never seen anyone this retarded. this must be some kind of special experiment where they released the crazy people into the local area. some of these people need to be punched in the face btw.

REEM: May Chasers live FOREVER!

AMARI: I should also say that it might not be fair to call Americans stupid, it's more accurate to say that the masses are poorly informed on history and world affairs. This can be blamed on the education system and of course the individuals deserve some blame too.

KANI: I'm an American, I gotta say this video is a pretty good representation of mainstream America, speaking from my experience, and I live in one of the supposedly more enlightened places (California). There are Americans who could answer all of these questions, but the masses are well represented in this video.

LELA: damn i'm an american and i really don't know how i managed to pass all 11 grades. *sarcasm* currently in my junior year of high school! w/o getting left back. omggg boo whoo bitches! you guys worry so much about America. stay in your country no cares how you feel. you want me to sing a sad song for you guys? dumb bitches!

BANDELE: hahahahahahahahaha

AMARI: CORRECTION: Stop taunting America and worry about Portugal ok? And make sure you use your colons when your listing things. ok?

AMARI: lol...u just really pissed 2 c that ur country really is dumb!! LMAO!!!! assholes...8-)...

ABUBAKAR: new york is not a city, it's a state. Now, there is such thing as called New York City. Lmaoo you don't even speak proper english come on! let's be real my friend taunting America and worry about Portugal. ok? tchau!!

AMARI: americans live in a fucking box and have no idea of what is going on outside their country...how can some one not know that the U.K uses pounds are their currency when your country does so much trading with them-_-.....fucking dumb asses

LELA: wow! smh!

KARLIS: "most people"20 million people dudeThe only thing i hate about these videos is how people generalise the results to the whole country. We all know that these are the people who gave the most ridiculous answers.The video is only 5 minutes, i'd like to see the outtakes. (dignified responses)As for future overlords, please tell me you're not serious.

REEM: 0_o wow

MAYRA: well, duh.. they're from australia dude.. it shouldn't be surprising that they can't name 10 US cities.. how bout u name ten australian cities then?

NAMIK: fidel castro is a singer and tony blair is a skater xD

LELA: As a brazillian who has known some north americans i must say: The world isn't the way you think it is, and U.S isn't the center of it.

BANDELE: Aren't things sorta relative, I mean Brazil is the center of the Universe to you, isn't it? If the U.S. is the center of our world cuz that is our home, WTF do you care?

NAMIK: fuck you johngrove and fuck all your family you will die

LELA: WATCH AMER0

KONSTA: I didn't vote for Bush, if that answers your question.

ABUBAKAR: lol

LELA: That is your opinion and you are entitled to it, you have stated nothing factual save that America is a democracy(good one-no shit Sherlock). Guess what, you must be dumber than any of them because this video may be scripted given the fact that it is from a satirical news show from Australia(comedy not a real documentary). You see you never thought to question the credibility of the show. You probably think the internet was invented at CERN.

HARUN: I think what a lot of people are saying is true. I don't think all Americans are stupid. However, this is a particular video about a particular situation. I mean, America has the best colleges, schools, technology, etc. Some of them (us) must be smart. But, considering all of their advantages, you would expect the mainstream to be less self-centered and know a little bit about the world. Those mainstream in the US idiots there are wasting their privileges.

LELA: lol at 2:03 why does the homelss guy say canada? lmao

AMARI: WATCH AMERO

NAMIK: Omfg! americans are dumb, at least 70-90% of them xD They all comes down in generations, and if we searched in our family trees we would all se we are related to Mr. Bush...

KANI: There are stupid people in every country, not just the U.S. It is obvious that they polled a much larger number of people and simply picked out the retarded responses. This video could have been funny if it was saying, "Look how stupid some people are" instead of, "Look, these Americans could not answer these questions intelligently. Americans are idiots!" Anyone that jumps to a conclusion like that is no brighter that those interviewed.

ABUBAKAR: this proves that americans only know and think about their "American World".

BANDELE: You see, I don't know where you found these people... but obviously they have no knowledge what so ever. As an american i'm highly educated and know that fidel castro is the cuban dictator. Anyways, this was an insult... and very repulsive to me. I hope not to veiw any other videa that downgrades the country where many people immigrate to and making a living in. Thank you

REEM: geez take it easy... it's just meant to be funny ;)

LELA: well said!

BANDELE: Stupid is either an adjective meaning "lack of intelligence" or a noun meaning "someone (or something) exhibiting stupidity".

LELA: I think you mean "stupidity" is the noun. Your ignorance is Stupendous.

MAYRA: typical american, who needs intelligence when you have nukes, nukes makes the world go round

AMARI: imaslacker107 - I know, that this is no all of US people; 70% ok?lostspirit52 - what is stupid?

NAMIK: i hope none of you honestly believe that all Americans are like this. I like to consider myself intelligent and most of my friends intelligent. Personally, i knew the answers to just about every question he asked except one; the coalition of the willing. And that's because I absolutely despise this war and im not going to take the time to learn the names of the bogus countries W throws out there.

KONSTA: wtf.. that is stupid with capital S..

LELA: And remember - (from history) USA is nothing more than big baloon blowed up an European money.

KANI: You know how many people they probably interviewed for this. I am only 18 years old and I know more answers than they do, and many of my friends would know those answers also. And, for the person who said that it must have been shot in the south, I am from Louisiana and you can't get much more south than that. Some people just don't concern themselves with these things. Granted, people should know about the triangle and the Berlin Wall? It is a funny video, but maybe these answers are fake.

Scene 3

MAYRA: I am consumed with jealousy for this country... Look, I could just born on the other side of the Ocean and have everything I wont. Not for my knowledge, but for origin sake. Fuck that!

KANI: americans cant be all stupid, wasnt it an american who invented youtube? or the internet? I could be wrong though.

AMANA: Now i am sure those people are really stupid!! Go for it Bin Laden.

KONSTA: Wow. I'd rather be an ignorant American than someone who believes that people deserve to die for being undereducated.

HARUN: I have my own experiences that tells me alot of Americans (not all, of course!)don't know alot about the world outside America.

ABUBAKAR: im sure the film was edited. you only put the stupid people and funny answers in. i got all the questions right as i sat her eating a cheeseburger watching this. every country, such as england and like germany such as south africa, has stupid people such as you.

HARUN: Man, this is funny as hell...And ofcourse, this is not like an average american or something, but come on...'Al Quada is a suicide group, they do suicide attacks and stuff, and Arafat is their leader, everybody knows that'What the hell do they tell you on television in america...

KONSTA: Tell me, WHY is USA one of the richest country in the world..? Usual American don't know, where is the rest of the world and many many other things.BIG American Dream - half of my standard education, more then twice comfortable life...-----NO COMMENT-----

AMARI: their proley actors

AMANA: you dumb americans takin' this SERIOUSLY?? hahahahaha

AMARI: *ahem*

ABUBAKAR: STUPID AMERICANS

ABUBAKAR: they must be from the south, i cant beleive us north side americans can be that dumb

KONSTA: lmao... queen elizabeths money! rofl.

KONSTA: Looks these people are doing this on purpose, or the person who made this put sound over it asking different questions.

AMARI: It's ironic that a lot of people, foreign and American alike, are saying this was filmed in the south and that is why people seem so stupid. If by the south they mean Texas, then wasn't Ross Perot from the south? NOW a lot of people are saying that he was right about a lot of things and we were stupid for not voting for him. That is who I voted for back then, BTW.

LELA: umm...were still pretty independent though we have a "strong" influence in the EU. Only a few EU regulations this far, their not controlling anything.

KARLIS: i'm british and offended by this because i think stereotyping is wrong. ok so what if this guy go's to the u.s and interviews the same number of random people but they're all white, does that mean that everyone in america is white? and wtf, how do you not know this stuff? omg

KARLIS: u must b hilucinating coz they were black ppl in that vid...i'm black but that's t the point..point is americans r really dumb!

AMANA: wow! :-o smh!

NAMIK: what a bunch of tards, this just proves how stupid americans our, I guess this was shot in the south

KARLIS: OMG!...my sister thats are 11 years old knew all that questions!!! we live in a small village in sweden and we know more about USA then the americans do!XD

BANDELE: omg...these ppl are so dumb!

KONSTA: this is so stupidthese fucking morons give our country a bad name cause they're complete idiots it pisses me off

AMANA: if anyone is american , i think he or she should be shut up ...its a shame if he tries to defends ...ther is no way , its clear in this video

BANDELE: what's a mosque ?"its an animal"what's wrong with that lady ...

AMARI: a country that begins with U"utah" §!!!!!!lollllllllllllll fucking stupid

MAYRA: Where was the Berlin wall?ROTFL!

BANDELE: there is a national ignorance out there ."a mosque is an animal" fuckin lol"kaffi anan is a drink" lolllllllllllllllllllll

LELA: i find it funny that people around the world think intelligence and knowledge are the same thing.whats that say for YOUR intelligence hmm?

KANI: i dn have america nor do i hate its people but i think what makes their attitudes is that they, poeple, wanna invade the arab countries without having any knowledge about them . yur gov says there is terror out there , and yu respond yes "lets invade tha fucking countries" ..yu poeple should know first

KANI: Dude, get real man, I grew up in this country. I know that Americans don't really give a fuck about invading countries for no apparent reason. That is the current administration, not us. That is about as ridiculous as saying Saudi Arabians support everything Al Qaeda is doing.

AMANA: a triangle has 3 sides LOL WTF HOW DO THEY GET JOBS!?!?!?

KANI: most americans are stupid ...we can't take few samples one or two .i know that there are some poeple who are genius out there . but in fact most of em and i mean it are so dumb . questions like these should've been answered by a boy aged 8 or 9..unfortunately abnormal people in normal situation

REEM: Okay, that was extremely stupid! I'm american and I can answer most of those questions, almost all of them in fact.....and I'm still a freshie in high skool.HOW THE HELL DOES THAT WORK OUT!!!!!!!

KONSTA: Wow i am 14 years old and i could've answer'd them all they most of like stoped a small bus are somthing

BANDELE: Holy true... Americans don't have ideas about the "other world"... (Sometimes even about their own country) They are only interested in hamburgers and p.o.r.n...

KONSTA: ho dude, what the fuck are you talking about...if i am to make a list of stupid things America did...i wouldn't have to go out this evening, nor the next few weeks...sh shut up if you don't have anything worth saying

KONSTA: thi is stupid... they were obviously acting or they asked like 10000 people and oly showed the people who were stupid enough to get it wrong. but some of them like the KFC 1 i understand. cuz the california roll wasnt from california. they name stuff like that.

KONSTA: americans arent stupid! Im an American! and those questions were really hard! thats why no one could answer them! were not stupid! those are hard stuff man!

MAYRA: Wow....that's all...i can say....

NAMIK: I was being sarcastic dude, incase you didnt know. Im Canadian

BANDELE: No, you Americans are really stupid. Case in point, the question about the coalition of the willing...I can name all the countries and their contributions off the top of my head. There are at least 49 of them. You see what I mean? You can't. Why? Cuz you are American. nuff said, case closed NEXT!!

LELA: dude HOW IS HOW MANY SIDES ON A TRIANGLE HARD!?!?!?

REEM: You gotta be fucking kidding me, this is so stupid it must be fake. I Mean a triangle 4 sides? WTF? American Money? Diaper Head? Invade the middle-east? Please those guys don't even know where they're standing at nor what language they're speaking or if star wars was based on a true story and they want to invade a foreign country? Anyways, Maybe they choosed the dumbest people they could find or this is all fake. It's too stupid too be true. BTW there ignorancy everywhere not just in america.

BANDELE: Americans are the stupidest people on the planet. come check out my site for more dumb americans...,\$20.00 a month and its great. visa, mastercard exepcted

AMANA: They are stupid! They don't know anything! godblesskiddchris, you are stupid-leaders, are you proud of it?

Scene 4

KANI: ok, i am an americaun and i am not STOOPID. I AM NOT WETODDID!!!! I DUNt know why there are Not poeple they ask stoopidrr dan ME. hey, austraylians, go get kickkdd by a kangerrrrro or somthin. AMERICANS!!

REEM: stupid americans

AMANA: Good fucking grief. What stupid fucking morons! Christianity turns people in to fucking ignorant morons.

REEM: Agreed

HARUN: jealous bastards

AMANA: lol these bastards from australia need to get a life. you loners can make fun of us all you want but we're still leaders in the world whether you like it or not

LELA: Wrong. Your politicians and bussinessmen are the leaders of the world, you are just another pawn.

AMANA: lol another pawn? look at our per capita income its higher in almost all countries you idiot

NAMIK: That doesn't make you a "leader of the world"...

REEM: i know all answer in this videobecause, im from TURKEY!!!

MAYRA: europeans are even dumber

AMARI: Hahahahaha stupid americans ^^

AMANA: you dumb fucking fucks..

ABUBAKAR: you yankees are dumb as fuck no wonder george bush is allowed to run your country

KARLIS: dobře ty čuráku!

KARLIS: you can't be dumb as this

AMANA: im sorry but for the people who are ssaying "they asked the most stupid people" my 4 year old nephew knows that a triangle has 3 sides, and these are grown adults saying 4 etc so you cant go there...

KARLIS: yeah your right . we americans are all so stupid, not one of us know what a triangle is. check out my site for more bad stuff about americans. \$20.00 a month enrollment fee but its worth it. we take visa, mastercard

AMARI: i dnt speaked wrong english we us americans r fucking smarts of worldwe gonna blow i big fucking hole in the middle east for all we us americans care for a fact is true

KONSTA: haha freaking idiots.

MAYRA: HAHAAH they r stupid

AMARI: daft bastids :S

AMARI: ugh.why must they always choose the complete idiots of this country?it quite pathetic and stupid.

AMANA: Why do people always say jews? There were other people there too (gypsies, homosexuals, etc).

LELA: Because there were more jews persecuted than gypsies or homosexuals.

NAMIK: You're not any better. I hate people that speak spanish everywhere, expecting everyone else to understand them. You're an arrogant dishwasher...

HARUN: Maybe because the Bible doesn't talk about triangles hahahahaha

LELA: the jogger that knows that kfc stands for kentucky fried chicken but doesnt know what state its from is the worst :P:P what a tube

LELA: I bet all those idiots love Jesus and believe the president is the smartest man on Earth. Pathetic wastes of flesh...

ABUBAKAR: everyone thinks its so bad having america be the super power of the world..... what do you people think china will be like when they are in power?

AMARI: ahmmmm... Austria started World War I - shows how much Americans know about history (-:

KARLIS: the first world war started in teh balkans and the surrounding countries had made alliances with the countries that teh conflict started in and like 1 domino tips the next soon the entire continent was at war so technically it was some terrorist in serbia (not sure about the country)

LELA: well okay... technically Austria AND Serbia started it... i guess they are both equally guilty... anyway Germany only came in later as an ally to Austria while many other countries came in as an ally to Serbia - and it all started cause some dumb serbian terrorist shot the austrian ruler.

BANDELE: search okanemichael he has all the answers

ABUBAKAR: yes people of the world all americans are stupid. Its the truth and i can prove it, just send \$20.00 too my web page located on my profile and ill show you just how stupid americans really are.I take visa, mastercard

NAMIK: I'm pretty sure you have a few thousand by now :)

ABUBAKAR: Actually you Americans are the invaders.Remember the native people? You nearly killedthem all. So very uncivilized you people are.I was once told by a French Professor thatEngland emptied her jails to fill this country. Reading a post from a typical fascistAmerican like you it is easy to believe that.

KONSTA: ha your french professor, thats the problem with US colleges, they stick crazy commie ideas in our young kids like this young chick. sad

REEM: You are perhaps the greatest living exampleof American idiocy I have come into contactwith in a long time. Furthermore your incredible ignorance and complete disregard for spell check only serve to enforce the stereotype that you Americans are Stupid. So, thanks for proving my point gringo.

KONSTA: im the greatest living example? hmm well beaner i guess that must be true cause you said it. what do you call a party of hispanics? bean dip, whats the difference between a beaner and a bucket of shit? ill let u answer this one

ABUBAKAR: Actually I am a Spaniard. But I still resentyou speaking ill of Latinos. I have a question for you- how come I am a foreigner and I havea better command of the English language?I'll give you honor of answering this one...

HARUN: who cares euro beaner, i have an idea if we are so stupid just come and attack us, take over our country please, i need a good laugh. truth is we are superior to your piece of shit country and your leaders bow at our feet.. next time im in Pamplona ill be sure too fuck your women

AMANA: Funny you honestly think we won't.Even funnier you think you battered war-tired nation could stand up to a European nation.Tell me- what country would stand with you?Think about that long and hard.

KONSTA: wait a sec, you forgot experienced, you wont because we will only need 10 soldiers to fend you off and 2 soldiers to sit and laugh at your attempt. every country would stand with us or we stop

sending aid too them, who would stand with you? seriously

MAYRA: Every country? You could count on one hand all the countries that supported you in Iraq. I don't even think Canada wants anything to do with you at this point.

NAMIK: and you would know what Canada wants? It's startling to think more and more you never went to college. Listen, name one nation besides America that would ever fight for your country.

REEM: If you watch the foreign news you would know that the Canadian public holds you in very little regard. Probably why they acquired a nuke shortly after Bush was elected. But all this is moot with the concept of mutually-assured destruction.

ABUBAKAR: btw I have many friends from Canada and get along with them very well. I just emailed a friend from Vancouver and he said he would gladly kick some Spanish ass. You're not just stupid, you're pathetic.

LELA: You really don't understand the concept of a war, do you? One guy from Vancouver? That is the best your country can do? lol

MAYRA: Man, taking on your country would not be considered a war, we both know that. Are you a Chavez supporter. Are you a commie?

ABUBAKAR: Venezuela, Argentina, Cuba, Portugal, Russia, and probably every other EU nation :-p

HARUN: Third world, third world, third world. Fourth world, and believe me, Russia doesn't give a shit about you. Do better.

KONSTA: I doubt an idiot like you has ever set foot on European soil. Aside from that, even if you did, I doubt you could find any woman in all of Europe interested in Americans.

REEM: Shows how smart you are, kid, ever run with the bulls in Pamplona? Sit in San Sebastian's market for some sangria, partied in Ibiza?

NAMIK: So you can use Google, felicitaciones :-)

MAYRA: Hahaha, yet you speak ill of Americans. They edited that video so much. It's bullshit, no way people don't know how many sides a triangle has, that's absurd. If we had compiled a video of all the stupid shit Latinos, including yourself, have done, it would be a whole lot more amusing. As for command of English language, who said you were better. You're not fooling anyone.

KARLIS: I am not Latino, I am from Bilbao. Of course you have no idea where that is though. You still have not answered my question: what country can you depend on? And if you are so mighty, why did you lose to Vietnam?

REEM: Bilbao, beamer, who cares you mean nothing, just like your country. We don't need anyone else, but if we wanted others to fight for us, Canada, Australia, England, Japan, Philippines, Kuwait, Israel, Turkey, now what BITCH!!!

AMANA: *Turkey hates you. Read the news.* Japan only has a self-defense army. *Canada? a strong maybe* England would probably side with an EU nation or remain neutral. *Kuwait? You are joking, yes? *Philippines? That is a third-world country.

AMANA: You have absolutely no idea what the hell you are talking about. Spell check has nothing to do with the stereotype of Americans being stupid. HAHA and gringos, wow, you're an idiot. You, my friend, are the dumbass. So why don't you stop acting professional and go back to mowing the lawn.

BANDELE: America has completely destroyed the infrastructure and Agriculture of Puerto Rico. Making independence an impossible dream. I think you are on the wrong side mi compay.

KONSTA: this makes me sad, these people can not represent our country, I'm sure they cut some of the people who go the answers right

MAYRA: meet the people who voted for bush in 2000 and 04. well maybe not voted, but believed him

HARUN: REINCARNATED LMAOOO

LELA: echos garras

LELA: mesmo burros, coitados!

KONSTA: Duh. Everybody knows Tony Blair is the guy who made the Blair Witch Project... jk. lol

MAYRA: There are the electors, no surprise who are the elected

LELA: I wanna smack the shit outta triangle-boy. WTF?!

KARLIS: lol what religion are budhist monks..... um islamic

NAMIK: LOLI would very much like to live in Canada just so I wouldnt live in a country ran by a moron. Oh well, at least he won't be running things too much longer. 22nd amendment FTW.

BANDELE: Hey, I'm from Australia, of course we understand that not all Americans are as dumb as the people we saw in this video, every country has smart people, dumb people etc... Unfortunately, quite often its the dumb people we see the most, using their voice, or running the country. I've met many intelligent, street-smart Americans who are a pleasure to deal with, the dumb ones just have louder voices.

AMANA: Thank ya renegade I just wanted to post something long and inspirational but ya did it for for me in a way I couldn't. There are smart people all over the world, try not to discriminate (maybe I should say try to have an open mind But keep your guard up too). Much love from Detroit. Thanks again Renegade

HARUN: We appreciate that from you, considering none of seem to know where your country is :/

KANI: jajajajajaj ches gringos pendejos

KONSTA: believe me in Germany making such a movie (even WITH selecting the dumbasses) would not have been possible.

BANDELE: we aren't all stupid, I promise

Scene 6

LELA: morons

REEM: this is really wrong to our county. every coutry has people who don't know anything. like how many sides does a triangle have. wtf. 3! and 3 vertex's duhhh.

LELA: Have to laugh; country is spelt 'county' and 'coutry' and the attempts (or lack thereof) at grammar are highly amusing. It is ironic that a post aiming to disprove the video's suggestion (obviously distorted and made in good humour) that Americans are stupid actually goes along way toward proving the point ...

KANI: Vertices.

AMARI: This video is quite misleading. For the record, not all americans are that stupid. They obviously just edited out the people that answered the questions correctly. Every country has it's fair share of dumbasses. In America it is no different. I guess having George Bush as our president certainly doesnt help our image.

NAMIK: DAAANG!name a country that begins with U? hmmtttttwhats the religion of Israeli? Muslim..LOLhow many sides does a triangle have? 4invade Italy...LOL

ABUBAKAR: I already knew americans = idiots.I didnt need to watch this video.I did, however, enjoy the irony of these comments. America is filled with self centered, unintelligent "noobs".And let me just say. About that world map. WHY would ANY american think that they should bomb England/GB next? WTH? No wonder you guys elected Bush TWICE. You all provoke me, bitches.

NAMIK: haha americans are stupid

KARLIS: Primer potencia mundial y tienen gente que se equivoca en ese tipo de cosas en su pais, osea, ni aca no se equivocan en cosas asi...Osea..."north corea es mucho mas grande que south korea" osea, papi, es Australia eso.

AMARI: English please?

AMARI: wow... this makes me want to cry. (yes im american)

BANDELE: we are a nation of 200 + million and you are going to judge us on 30 people. that was funny stuff though

AMANA: Joke's on you morons - Kentucky Fried Chicken is actually from Utah. Look it up.

KANI: U guys failed to notice that most of them were rednecks?

LELA: I think I could have answered 99% of those questions. Therefore, not all Americans are stupid.

KONSTA: what state is KFC from?I dunnodo you know what KFC stands for?Kentucky fried chicken hehepwngne lines, what a f*ing moron

ABUBAKAR: KFC is from Utah. Look it up. Seriously.

MAYRA: fucking diaper head??? oh dear

ABUBAKAR: It's funny how they only show the stupid ones.

BANDELE: Have a look at your civilization!! ur f..kng stupids

BANDELE: OMFG americans are soooooooooooooo stupid !americans are dumbasses with a muscle in the place the mind should be! "ho no i think we should invade france cause i yesterday a french dropped a soda on me" GET A LIFE STUPID OLD BULLYS !!!!!

KANI: this is bullshit i know this and im in middle school! i live in north dakota to

KANI: Though this may be satirical, as much as the truth hurts to most, this sums up not a minority of Americans but a bit more than half. Deny it as much as you like, after all, ignorance is bliss no?

REEM: haha watching this makes me think or whole countrys stupid. but no its the select few who didnt go to school and just the other stupid dumbasses

KONSTA: Remember that it isn't like all americans are represented by these people, and most likely, they

only put 5% of the people they filmed on TV- after all, it doesn't make comedy if they get it right. That said, the fact that any demographically average americans would think there are 10 Eiffel Towers, or Korea is Australia, or that Utah is a state is pathetic, but the fact that they are doesn't prove that all americans are stupid

HARUN: I think it's kinda hard to think that there are ten Eiffel towers. If you have heard of the Eiffel tower at all, you haven't accidentally heard that there are ten of them.

KARLIS: Too bad they don't have smellovision because there are smelly Americans that don't shower or use deodorant also. Then we can make a video called, "Americans are not smelly with subtitles" Then people who dislike America, for whatever personal reason they have, can comment that Americans stink. "The stinkiest people on the planet" "Damn Americans, have you ever heard of water?" Geez there is new invention America, it's called soap".

HARUN: Your comment explains a lot. This is from a satirical news show from Australia.

KARLIS: Actually KFC is from Utah...not Kentucky

KANI: "Which one is throwin the rocks?"That sums up that conflict then.

BANDELE: Deberia ser ilegal ser tan estúpido, pero cuchame yanki pete, sos vos el estúpido.

KARLIS: lol ... they selected only those who are really stupid...i refuse to think that all americans are that stupid...

AMARI: hahahahaha Oh God!!! Americans are soo stupid!!!

AMANA: OMFG... It should be illegal 2 be so fuckin stupid... If u cant even answer the name of the country u live in - u should be shot... We dont need, and dont want dumpass ppl like that, walking around, like braindead zombies.. cause that xactly what u are. If i was an american i would be ashamed of my nationality...

AMANA: If im correct we're one of the most powerful nations in the world...

KANI: So ??? i dont get it. ? What do u want with that answer.. So what if u are.. And why do u say that ?? based on what ?? Power is a lot a things.. If u base it on intelligents - U LOOSE.. If u base it on stupidity (u might win)

MAYRA: If you base it on biased opinions, you win... but only in your own mind.

AMARI: What a load of bull... cmon, give me a decent answer

KANI: and??? you still are stupid. jejejejeje

KANI: haha esto muestra que estúpidos son los gringos

KANI: lmao.. you gotta learn to laugh at yourself sometimes.

KANI: ok, look. maybe if u didnt go to the WEST you would accually see the intellegence of americans ok. i, personally, knew the answer to every question he asked within a few miliseconds

REEM: ' i, personally, knew the answer to every question he asked within a few miliseconds'well done...

BANDELE: lol "which one, is throwing the rocks?"

MAYRA: Woh :/Et c'est ça la première puissance mondiale.. Y'a comme un malaise

AMANA: If this is true then I don't know what to say. The american media and the anti-culture over there must have had real affect on the people. And we in Europe are going down on the same way. :/ Vote for a change! /mr S. - Sweden

NAMIK: Ahem...Cristobal Colon?? xD

HARUN: Well, I once told an American boy I was from Spain and he said that my country sounded like a drink (Sprite?)... I suposse he neither knew where was Cristobal Colón from...

AMARI: Yeah man,that's what is it all about. I'm from the Czech republic and everybody here think that Americans are the stupidest people in the world.. But I know that you got about 300 millions people? Of course you can find 20 really stupid people. And by the way I had seen something like this in Slovakia, and people there said that year has 13 months,etc.. Anyway, these people are really stupid...:D

BANDELE: thick as pig shit!

Scene 7

KANI: que carajo les enseñan en el colegio a los gringos?

MAYRA: Unlike Jeff Twatski

BANDELE: lmao , wtf lol

AMARI: so bumb

MAYRA: "Possibly American money..." that was the funniest part

NAMIK: It has to be partially staged. I don't see how anyone would be marking Australia as France.

BANDELE: F***ing dumbasses!!

KARLIS: you guilable idiotsits so obvious that this has been edited and the questions have been altered in editing.just a pathetic attempt at trying to bring down the world's strongest nation

KARLIS: Of course it has been edited...One could make one of these vids for every nation in the world if you taped enough people.The point is that a lot have the opinion that you dont really have to tape that many people to make one of these in the United States...

LELA: Very good show!!!, made my day. Do you think this is a sketch custom british made?Only picking up people with wrong answers, and leaving out the right ones.

HARUN: The only important thing about this video is that americans want to fight against Australia.

LELA: yep !!! nice said XD !!!!!!!!

ABUBAKAR: Wow, I'm only 14 and I can get these questions right. I'm from America too. Those people are truly dumbshits. This, has to be setup, 4:47 he had to have been on crack. SOME Americans are stupid, but not all. =/

ABUBAKAR: Hahahahahhahah!

KANI: AMERICA is not a COUNTRY.... Its a whole CONTINENT...North, Central and South America...From Alaska to Isla del Fuego...

BANDELE: However, the United States of America is the only country in the hemisphere that has

"America" in it's name.

KONSTA: The berlin wall was in israel...no commentoh my God americans are so stupid...

AMARI: Let's round up about 10 or 20 ugly Americans and make a video and say ALL Americans are ugly to, while we are at it...if it makes you feel better.

AMANA: H4, ugly people are born ugly and can't do much about it. Stupid people CAN. I know there are intelligent Americans, but you have to admit the ones in this video are dumb as fuck. Don't take it personally. It's a comedy show. Learn to laugh a little :)

REEM: You don't know us Americans, we know how to laugh plenty. Even though Jay Leno ripped off Howard Stern when he did it, at least he makes comments and stuff to add to it in order to make it sorta funny. These dudes are just a mike stand. Some would argue that stupid people are born that way also. hehe I am sure there are intelligent funny Australians as well.

HARUN: I don't mean to knock Australians, the Crocodile Hunter was one of my favorite shows. Stick to what works. :-D

HARUN: Hey H4, you misunderstood me. I know you Americans know how to laugh, there's a whole load of comments here from Americans "LOL"ing about this video. What I meant though was you, personally. You seem really cut and it's not even worth it. With regards to the Crocodile Hunter, Steve Irwin (may he RIP) was indeed passionate about his work and a self proclaimed "wildlife warrior", however, it saddens me to say that many Aussies found him to be a bit of an embarrassment.

KARLIS: If by cut you mean offended, I am not at all offended by the video itself. In order for me to laugh I would have to find it believable. I find it hard to believe that the old guy doesn't know where the atomic bombs were dropped or that one guy thinks there are ten Eiffel Towers. It's too stupid to be funny, is my point. Unless they dropped out of the 3rd or fourth grade to join the carnival, few Americans are really that dumb.

KONSTA: Hey H4, sure it's hard to believe about the old guy and the Eiffel Towers, but seeing is believing. Clearly, these few Americans REALLY ARE that dumb (carnival or not). And hell yeah it's stupid, it's part of the fun, it's in the title. Tell me you didn't have just one laugh? one chuckle? even a wee smile? The guy that was jogging on the spot, Palestinians vs Israelis, who's throwing the rocks...come on, he deserved at least a smile, even if you were shaking your head in shame while doing it.

BANDELE: I guess that just proves that someone somewhere has amazing video editing prowess and that profiling is fun.

BANDELE: Oh My god.

KANI: OUCH!

REEM: why don't u all give it a rest???

MAYRA: In Finland, 65% of the population REALLY go to universities, because education is free and does only depend on your willing to study, and not on how much money you have.

KONSTA: I did and i found out were first on the list...

NAMIK: touche!

ABUBAKAR: i need that parrot back!,i couldnt get it out of ur moms butt

AMANA: The interviewer seemed to have picked the stupidest, most ghetto looking people he could find.

Targeted interviews like this have no merit. I'm sure there really are quite a few people who don't have any idea what the answers are to these questions. I (and everyone I know), however, would be able to get probably 99% of those questions correct. This is a funny video but that's it, it's not a true representative slice of the American people.

KARLIS: gosh, pick out random ppl from my country and i dun think it'll be just as bad..much better i suppose tho there will be sum dumb ones.

KARLIS: azzab i left my pants under your moms bed,can u fetch them for me habibi

HARUN: oh read where your mathematics textbook are soon gonna come from. Singapore. Do you even noe where it is w/o checking it out from the web etc?

BANDELE: well they dont show you the peopel who knew the question

NAMIK: "Ask not what your country can do for you but what can you do for your country". If JFK was alive today he would have to reverse that famous quote. These ignorant gluttonous village idiots would need every help they can get from the U S of A! A thyroid hormone treatment program would be a good start...

NAMIK: did you just pull out the mom thing? man you kids play rough, americans made that insult btw. we went to war over there so we could secretly rape your women. and plunder your treasures

AMARI: what are you an arab goat fucking enthusiast?

HARUN: Worthless euros? you know the Dollar-quote?

REEM: see! hahaha real intelligent comment. wtf you stupid euro what a loser. probably the reason your women fuck american men.

LELA: these people are real stupid, hahaha but man they arent half as stupid as europeans, fuckin worthless euros lol

NAMIK: Worthless Euros? Do you know how much your flimsy dollar is worth these days? They make good quality toilet paper out of dollar notes now! Look closer at the paper next time you visit the john and enjoy a comfortable dump!

KONSTA: FUCK YOU MAN at least we know we don't think that every country is in Australia just because they changed the name !!!!!!!!!!!!!!!

KANI: yes your right, no one in america knows what australia is, in fact most americans have no clue of what a map is or how to take a shit in the morning. how the hell do we get up in the morning

BANDELE: WTF ?!!!!!!!!!! I've never seen so many REALLY stupid people on all my life until now !!!!!!!!!!!Maybe the biggest stupidity example is when they ask to put a 1 or 2 in the country they just talked about !!!!! they putted everything in Australia !!!!!!!!!c'est vraiment sidérant !!!!

REEM: my gosh :-/

REEM: search 'amero'

HARUN: This is just a piece of joke to entertain those American haters.. I'm in the UK (I'm not an American) at the moment and TRUST me most of the British that I've talked to have a HUGE problem with General Knowledge questions..

MAYRA: LOL Americans are So stupidand they say we (arab) are stupidthis video is good prof =)

AMARI: yeah, you arabs are stupid, at least these people dont screw goats.

AMANA: lol , so we are stupid for that reason ?mebe u didn't saw the videoat leas we know how many side the triangle haveLOL

AMARI: you think and afghani can answer any of these questions?

KANI: afghani ??LOL , OMG ur really stupidafghani ppl are NOT arabs !!!just don't reply plz , don't make ur self a joke

AMARI: Since Algebra and most other mathematics were invented by Arabs I am going to say yes.

Scene 8

LELA: Arabs did not invent them, read your history. But Arabs did save mathematics in the dark ages, one would hope knowledge is to never be discouraged. Hopefully the "god myth" will soon end.

KARLIS: Some Candidates for the Darwin Award here. Damn how dumb can ppl be?

KARLIS: OMG Americans are soooo dumb. We already knew it a little but this comfirms.

KARLIS: FUCKING ROFL MAN!!!!!!!!!!!!

LELA: Hey Art Vandelay...speak for yourself asshole! Cunt names himself after a character on Seinfeld???? Give me a fucking break! DOUCHE!

ABUBAKAR: I love reading these Euro-WHINING rants from CUNTS from countries that are completely IRRELEVANT in the world! The United States IS and ALWAYS will be the worlds LEADER!!! Get used to it you fucking Eurabian FAGGOTS! ahahahaha NEXT!

KONSTA: You should get kicked off this site, you're just not funny.Boring CUNT...

KANI: Fuck your mother jeun...turn on BBC NOW and see the leader of the WORLD. COCKSUCKER!

NAMIK: See the leader of the world do what exactly, piss his pants and walk into a wall?Boring CUNT

AMARI: Now the world can understand how we re elected a dimwit like George Bush. Our electorate is stupid. They don't read newspapers and don't care about the world around them. Our people are the dumbest in the world. Not that this video couldnt have been shot in the UK, Aus, NZ, France or anywhere else. Clearly we are the dumbest.

KANI: These people are dummies and I have no idea how they function in the world without even a basic knowledge of the world around them. The American education system has failed these people.But unfortunately, I think you'd find dummies like this the world over. :/

MAYRA: Ok all they did was put all the dumb answers together. They left out all the intelligent people. Its a really biased video. Not to say I didn't laugh.

KARLIS: Well, the fact that there even ARE this kinds of persons is amazingly stupid...

AMANA: 4:47 ROFLMAOTIPIRL - Rolling On Floor Laughing My Ass Out Till I Puke In Real Life.

AMANA: I love it.

KARLIS: HAHAHA OMFG I LOVED THIS EPISODE, americas r retarded

AMARI: What a retards...

BANDELE: Lol where is Th Berlin Wall..."Israel?" LOL!!!

LELA: Don't confuse him with these facts...

LELA: 4:47 americans are crack ups

NAMIK: "I didn't know, that south corea is so much bigger then the north...!" That's the best :D When I'll go to uni in USA I'll be a siencist immedietly. I'm 15 now, and I knew the whole shit :) You Americans are so Hell Great! That's really fucked up...lol Hreetings from Poland :) Sorry for my english... and God Bless America and coca-cola

ABUBAKAR: Greetings I mean :)

KANI: I thaught the same fucking thing :D But who the dont know where KFC is from....Americans are soooo stupid!!!

LELA: Hi I'm Aaron I'm 5'6" (midget) 20y/o and have blonde hair and I can take two cocks in my ass at once because I'm English! Wanna hook-up?? message me at my other nic azzab2709

ABUBAKAR: Maddie's asshole is bleeding penisfromtheshale...her Daddy sold her asshole on eBay penis to the highest Euro-Pedo-Bidder...Eurabia a shit-hole covered in Grafitti!! AHAHAHAHAHA BOO-YAH!

LELA: Fucking retard.Did you think up that comment with both your brain cells?

LELA: BREAKING NEWS:A British woman, who gave birth out of wedlock after an affair with her married dance instructor, kept the body of the child hidden in a suitcase for 50 years, the London Daily Telegraph reported.WHAT A BUNCH OF WORTHLESS CUNTS THE BRITISH TRULY ARE!!!

BANDELE: feel bad for yanks... god bless them.

AMARI: ustedes hijos de putas son unos imbesiles..... then again you all are so stupid that can hardly speak ingleso hahahahahhaa..or shoud I say it in french,,or maybe portuges,,or quizas,,italian....well who cares youa are stupid no mara what!!!! jus look at your el presidente jajajajaj ups hahahhhahah

KANI: ingleso...no mara what...presidente...not english words...

REEM: Bori, what's the point of having two Americans in the list of highest recorded IQ scores, when there are everyday people walking your streets that don't even know how many sides a triangle has? There's just no excuse for that.

KONSTA: wow. . .

MAYRA: I don't know if United Statians are stupid, but they ARE really IGNORANT. Want to know why? Because they don't care on anything besides their fat ass (Why bother?). Guilty ignorance is even worse than stupidity.

BANDELE: You got that right.

LELA: Ha how are we ignorant when we own everything. If we believe the earth is square then it is. Who is going to say different we own every resource on this planet. HAHHAHAHAHAH I live like a king.

HARUN: U.S.A. dont own everything in the world... Are you really that stupid or what?

LELA: ROFL!! That's the most stupid shit i ever heard! You dont own squad boi! Why the hell do you think you went to war in Iraq ? To get OIL! Without the middle-east's OIL your silly country would be a living disaster!

AMARI: Hey CHINK, my one year old son's dick is bigger than every Chinaman! RICE DICK!

KANI: tsk tsk tsk Jeffy Weffy...You're telling lies again aint you!?We all know you're a fat 38yr old virgin, and the only cunt you've ever seen in your life is the one that greets you in the shaving mirror every morning!'One year old son' hah! dont make me laugh!!! who the fuck would get it on with a fat fuck like you!?

MAYRA: Just a bunch of LOSER Euro-CUNTS hanging out on an American site because their miserable lives revolve around our great ones! NEXT!

LELA: this is from an AUSTRALIAN show you noob. you know, "north Korea"these are the guys that got into apec. They're genius.

ABUBAKAR: Dude, Americans are not stupid, this video is a hoax created by aliens using robots to pass as Americans. Shit, I even think this video was filmed somewhere in Latin America. Yeah, it is a plot by illegals Aliens to take over the country, No, I got it, its those darn Iranians with their high tech nuclear technology!!

KANI: And the remaining who form the one percent are immigrants. (so noway to find an American is not dumb) haha

AMANA: tihs taotlly ptus my educashun to shmae!

AMARI: shame...

ABUBAKAR: EU > USA

AMARI: EU w/out Germany > EU w/ Germany

REEM: look, if you are that gullable to think this is what we are all like, its you that is the dumb one. this is obviously made to make fun of americans, and there are idiots in every country. i live in america, and i know lots of idiots here, but i know a lot of canadian idiots too. hell, i know morons from around the globe. all countrys have dumbasses, and its unfair to judge a country by those.

HARUN: 1. This is propaganda they most likely edited it in their favor2. They picked shithead rednecks, homeless people and ghetto people3. America is a lot more intelligent than many other countries

MAYRA: HAHAH i am in America and find this funny. LOL just so you no not "all" Americans are this dumb. I knew the answer to all the questions lol. But a lot of people here are like that i am afraid to say.

NAMIK: You say you are smart & from America but you don't spell the word "know" properlyQuote "...just so you NO not...."so shut up

MAYRA: LOL i am not going to get into a argument on the internet, I never said i could spell correctly. I simply stated that i knew the answers to the questions. Because i dictate a couple things wrong here and there don't mean im dumb. I was simply stating that this video is not entirely correct. We are not all as miss informed as the people in the video. I know of people in other country's that are just as miss misinformed as the Americans in this video.

KARLIS: I agree with you - although politically (and morally) incorrect to say so - fighting online is like running in the special Olympics - you might win, but you're still retarded!

AMANA: corsair87 - when slamming someone for not spelling "know" correctly, you should notice that YOU didn't spell "quote" correctly! Probably just a slip of the finger.....?

LELA: @mountin...i never said that the video is fake or real i just wanted to point out that if you want to show that the video is rigged you should take care of the way you write otherwise what you write will lose credibility@jnukara.. My first language is not english...i do not speak it every day ... and "quote" is not such a frequent word in my english vocabulary

NAMIK: I understand, you think it's okay for YOU to misspell words, when telling someone else THEY'RE misspelling words! It's ok because you have an excuse? You don't know them, or what their first language is. If you are going to reprimand someone for their spelling, you should be extra careful to make sure you spell every word correctly.

MAYRA: And you just misspelled quote!How very ironic :-)

Scene 9

AMANA: I live in the United States (in the deep south) and I can testify that the people around here are even bigger idiots than the ones shown on here. America is that stupid! Any country that could reelect George W. Bush is beyond stupid!! This is a nation in which half believe that evolution is a lie and that the Biblical fairy tale of creation is the truth..America is no longer the nation it once was.

NAMIK: The point is that there are stupid people in every country you can certainly find them if you try hard enough (i.e. this video). Half of Americans (who voted) didn't support Bush and those who did were often supporting party lines (i.e. anti-abortion...vote Republican). I'll forgive some of your comments because you're so darn old but saying that the people where you live are stupid (you do live there) is not a great idea.

ABUBAKAR: It's ignorant to generalize about a country of 300 million people as if they are all of the same mind. News flash: Americans donate more to charity than the people of any other country in the world. I know it's not trendy to talk about the good things that Americans do but....Tell me what country you are from and I'll provide an example of an idiot. It doesn't mean that all non-Americans are idiots. :P

ABUBAKAR: hahaha wowww

NAMIK: man their stupid!

ABUBAKAR: Not stupid, but ignorant. Most Americans are really interested in keeping their jobs and, consuming products. American public schools are apparently designed to produced ignorant people, only interested in entertainment and, consumption.

AMARI: hahahahaha....american n their president...both of them were stupid..

REEM: yeah this is propaganda and you were dumb enough to believe in it.fag

KONSTA: and you are dumb n stupid enough to believe this is a propaganda...

AMANA: Makes me wonder what Americans do in school, lol.

KANI: makes me wonder how little ur influenced by other cultures and make an assumption by watching this biased video. All they did was get all the stupid/homless people and asked them questions. I can do that to your country and make it look stupid anytime i want like they did to us....

NAMIK: this is no different than "Jaywalking" on the Tonight Show. You ask enough people and you'll get some stupid answers. Compile them and make everybody look stupid.

MAYRA: BREAKING NEWS SYDNEY, Australia (AP) -- Police acting on an Interpol tip off have arrested 31 men on child pornography charges in a large-scale Australiawide investigation since August, an officer said Thursday. WHAT A BUNCH OF DIRTY CUNTS THE AUSSIES TRULY ARE! QUEERS!

REEM: Anyone who comments here who is NOT American is a jealous PREOCCUPIED with America CUNT! Rather than be outside having a life they choose to OBSESS about ALL things America! Our GREAT country and culture is what their MISERABLE lives revolve around! TRUTH HURTS huh CUNTS??? ahahahahaha NEXT!

AMANA: why would our life revolve around people who dont know who the first man on the fucking moon was or how many kidneys someone has or how many world wars have there been or even people thinking star wars was a fucking true story, retards!

NAMIK: I know the answers to all of these questions and I'm an American. Now, how about a little tea party ya ignorant chap.

BANDELE: Many Americans should be outside having a life, but instead choose to stay inside watching TV and growing obese. Our great country is a mix and match of cultures from around the world, and very little of our culture can truthfully claim to come from American origins. As an American, you should know that. Greetings from California!

ABUBAKAR: I'm an American, and I find your attitude to be very arrogant. Even though these interviews are biased, you're only proving them right by talking like that. And if you don't think that I'm american, click my username and look at the profile.

KANI: Whoops, that was supposed to go to another comment.

BANDELE: Asking retarded and/or homeless people doesn't count...silly brits

KANI: Collateral damage!?! He should know what it is, the Americans invented this term and they use it instead of saying that they kill innocent people.

HARUN: Ah, sweet America! Home of Baseball, and hotdogs. For all the people of other countries, Americans are NOT this stupid... LOL!!! (I am also American!)

NAMIK:is this seriously real?...thats pretty sad

KARLIS: this is embarrassing. (i'm an american by the way)

KARLIS: the person who created this video probably interviewed A LOT of people and chose specifically these people for the purpose of this video. i don't think they can represent the majority of Americans..

ABUBAKAR: Absolutely correct, sillycrayons. I would however say, that compared to other developed nations, you would have to interview more people in other nations to get this similar result for your intended video. Too many Americans are ignorant and too simple-minded, compared to the responsibility the US has. There must be a better responsibility of US and her citizens today. This is not acceptable. Cheers.

REEM: I Don't Force My Beliefs Or Political Outlooks On Anyone. I Am Not A Greedy, Or Power Hungry Person. I Work For A Living. Perhaps People Should Stop Trying To Point The Finger And Take A Little Of The Responces On Their Own. Though, I Did Like That You Stated Both Sides. Props.

NAMIK: So, You Are Basically Saying That The News And The Papers Will List Pure Facts? No, They List Whatever Dramatic, Over Fed Bullshit That Will Sell. We Are All Different. Do I Agree With How My Country Is Run? No. That Doesn't Even Come Close To Discribing What Kind Of Person I Am.

KONSTA: ok okeverybodywatch my videosi have some funny onessome dumb onesand a big fightplz watch and commentenjoy thank you

BANDELE: Woe is america...

ABUBAKAR: Uh not to go too off topic here but you just berated him for hiding behind a screen and then threatened to rip out his wind pipe. Well my point is that all internet threats are empty whether you would actually carry them out or not, so it's pretty cheesy to say one at all, cause it's all talk.

BANDELE: thisislizz is right about everything and chibiboykevin is wrong.Now Im going to leave quickly because participating in a youtube comment argument drains my soul and dignity.

BANDELE: Typical americans. I bet halfof them don't know what the australiano prime minister is without researching.

MAYRA: Just editing out everyone who isnt retarded.You could probably do it with any country.but still, I lol @ teh stupid pplz

HARUN: I agree that they're basic questions. Maybe you're right that most people would be able to answer them, but I'm used to meeting politically apathetic people of all nationalities and it leads me to believe that it's a human trait, not dictated by where you live.I couldn't remember the guy's name so I'm an ignorant piece of shit who needs to go read something? You sound like a pompous snob.

KARLIS: Typical Wii user

KONSTA: this is why we should control who can have kids or not

AMANA: you know when they do this shit they ask questions to random people and only play back the fucking retards. Bias!

KARLIS: this is why we should control who can have kids or not

AMARI: it makes american look retarded lol most of them are. lmao

AMANA: Yes were still theyre. We're ok as long as american are too dumb to know where we are ;-)

AMARI: btw is canada still around? are they still a country or did we kick their ass and take it over? they did have some good syrup!

NAMIK: ... very funny, you must be american, because your so damn stupid =.=

REEM: 1 Stelle!!!

KANI: americans are dumb, so what?

KARLIS: Don't worry, they dont know where it is.

NAMIK: well of course their asking fucking rednecks

KARLIS: lessbling, I am American, but i have lots of friends from other countrys. only one person i know knew who Kofi Annan was, among people from all over Europe and the US.

BANDELE: lol yeah lessblinger is a kook, he didnt know any of those answers so he is trying to bring others down. what a damn loser

ABUBAKAR: Why did Australia say Iran on it in the map? There's something rotten...

BANDELE: i think they just found a bunch of stupid people i'm hella smarter than these people

KANI: All this proves is that only idiots get airtime. Although I will admit that most Americans probably couldn't answer half these questions, I think you would get the same result in most countries. BTW I am American and I knew the answer to every question except Kofi Aman.

KARLIS: then you have common sense...the rest are stupidddd ..where i come frome yugoslavia in the first grade you learn to write incursive by the 3rd grade you know multiplication up to 14 and basically what im saying they are like 2-3 years ahead of the americans

ABUBAKAR: the american education system needs work, that is true. but that is not to say that we are stupid. in fact, the main issue here is not stupidity but ignorance. admittedly, americans are fairly ignorant of world affairs. that does not mean we are stupid, however. and europeans, if you think we are so stupid, feel free to send me a message, i would be happy to discuss this.

KONSTA: lol euro trash i love all your comments very amazing. considering french are pussies, italy and germany gay central and england bunch of dumb shits... oh and australia... what the fuck is an australian?

REEM: ok, i am so glad that im canadian. i always knew americans were stupid, but i didnt think they'd be THIS stupid!! what did george bush do wrong? *sigh*, things would be much different with Al Gore as the president

Scene 10

KARLIS: We aren't this stupid. They are just making it look like we are.

KONSTA: I don't think "fuck you" will get your point across real well. You might want to try being polite, it works well - They let their guard down, and you get a chance to crush their soul.

MAYRA: I love it how they try so hard to find the stupid people but don't show all of the footage, I'm in TV and I know yo8u can edit this to make it look like one side of the argument is true. Even though, about 1/4 of Americans are idiots there are still the other 3/4's of them. The 3/4's that aren't mentioned are because the 1/4 group is so idiotic that they take up most of the news headlines.

KONSTA: Hey man I'm italian... Why do you want to invade us? Do you think that pizza is a mass destruction weapon?

REEM: wow, they must have found retarded people.

KARLIS: They must've interviewed at least 100 people and only shown 10-15 to get those stupid answers.

KONSTA: Ok, Americans can be very stupid, ill admit it, but we can do a lot better than that. we aren't all THAT stupid. Those people are just morons, and I'm willing to bet this was edited a bit to make us look worse. This would only be a accurate representation if all the people interviewed were shown, and the full interviews were shown. On a separate note, my American fellows, get your act together, this is pathetic. Even a few stupid people can make us look bad - educate yourself, for god's sake...

REEM: well see... they found the stupid dumbasses who are idiots... pick a smart one...

BANDELE: Actually once seeing all of this im not even laughing. Yasser Arafat is the president of AlQaeda, bloody hell man. They don't even know what religion Israel belongs to. But to be fair if you count the whole of the country including the Palestinian part the majority religion is Muslim. Sad very sad and funny

ABUBAKAR: Making an estimate about 300 million people isn't a little ridiculous.

MAYRA: Only in America are we this retarded. And how are we supposed to call ourselves a superpower when our people are so mentally weak that we can't think of our current events or past events make us what we supposedly are?

NAMIK: OmgI have seen so many videos like this and still had not truly decided if the people of America are dumb, but this has pushed me over the fence.

KARLIS: omfg !! they dont know triangle ??

BANDELE: You don't have to be educated to answer these questions, the people are simply morons, and it's a fact.Q: How many sides does a triangle have?A: FOUR, hmm no no There's no sides... One?Damn it

KONSTA: You could go to any country and do this. Just because they didn't show the other 96% of the interviews they taped doesn't mean Americans are stupid. Implying such a thing is far more ignorant than the childish finger-pointing that has gone on in the discussion comments of this video.

NAMIK: I wonder how many people they interviewed to get those few responses.

LELA: worst ever!I'm really scared :(

KANI: dude, i could totally answer those questions. what's wrong with people

REEM: "tryed"? "cant"?fucking moron.

AMARI: Star wars is based in a true story, true or false?... True

AMANA: you know they probably looked forever to find those people, and they didn't bother to show the large number of people who could answer all of the questions right. that's what people on tv always do. shows how smart you and all your idiot counterparts are.

KONSTA: Ye not stupid, IDIOTS."what country starts with U, Yugoslavia.

BANDELE: This is just pathetic, this video makes us look like fat idiots, which we're not. Its true that most Americans arent very smart, but it also has the smartest ppl in the world. I am a bit iffy if they paid the ppl to say that krap. O, and u americans who curse about British ppl like obnoxious pigs, u give us a bad name like idiots.

BANDELE: correction - u did that ur selves. btw "not very smart" = STUPID.

MAYRA: The average adult in ANY country is pretty stupid, sorry, America's not alone on this one.I'm not out flashing the #1, but, again, I'm sure if you did this is Germany or GB or Canada...well, same results or remarkably similar.

KONSTA: THEY are fat,dumb,always shopping, and troublemakers, bush send out a massive army to steal some oil from irak and killed thousands of inisent people including litle children so fuck off dummies, when the time comes all nations will hate you and take over you dumb empire and make you slaves lol, but not the good people that lives there though and not jim carey couse hes canadian.

HARUN: ok i will go shop and you be sure to CLEAN Americas toilets, cut our grass and steal hubcaps you worthless piece of shit! fuck you driubi the video proves NOTHING! traitor! probably a fucking wetback too!

AMARI: That's because you're too fat to swim you fucking greasy pig!! why not try floating over the Rio Grande...I've got a job waiting for you, its cleaning my toilets you fucking scumbag ILLEGAL!

KONSTA: How can people be so dumn and stupid? This video will be in my Orkut in order that everyone

can see it.

KARLIS: hey penis, maddie is crying out in pain with that cock stuck in her ass from one of you Euro-CUNT pedos BITCH! just like a Euro-CUNT, have to COPY an Americans technique...you lame bitches are TRUE FOLLOWERS without an ORIGINAL thought in your body FAG! Maddie begging!!!

AMANA: vaquira, fuck you you wet back SPIC mother fucker!!! Why does your fat-mother spend her life trying to sneak into my country if its so bad??? huh, you dirty ILLEGAL piece of shit taco eating MexiCUNT!

MAYRA: BORICUA917, don't worry man, these Euro-CUNTS are and always will be JEALOUS, PREOCCUPIED little FAGS, whose MISERABLE Eurabian existence revolves around the GREAT nation of AMERICA! Go watch your ass-bandit little soccer game you cock sucking Euro-TWATS!!! ahahahahahaha NEXT!

MAYRA: good I leave you between American because its fears serious

HARUN: Damn. Are Americans actually that stupid...i mean 4 sides on a triangle... C'MON!

KONSTA: So, this only shows, that if you are rich, you don't need to be intelligent^^

REEM: BORICUA00917 i'm french ok it is shows that American one makes such or such thing but American is not people more intélligent in the world ok you made large thing but without Europe America would be nothing I am mistaken or not??

MAYRA: hey BORICUA00917 I think that you should stop speaks for nothing to say because without French and English you would not be I think then stop one can please

KONSTA: yeah driubi you rightly ^^ but sueslide "George Bush is more intelligent than most of the people who are living in the USA" ??? your idiot or you does it purposely???

LELA: I am 15 year old boy from iceland and i know more about theyre country and theyre culture than them selfes.... i could answer all of those questions within 3 seconds

KANI: After this video I think George Bush is more intelligent than most of the people who are living in the USA
